### POOR HOUSE STEWARD.

The resignation of Mr. James J. Kaylor as Steward of the Cambria county Poor House has been made public. It is a mild-reading document and as follows:

Directors of Poor of Cambria Co., Pa.—

GENTLEMEN: The late Ebensburg Convention having by its action probably deprived this institution of the services of a Director in Johnstown, where nearly all the Poor House business lies, and as you, gentlemen, very well know that the result of this action will be to very largely increase the expenses of the Poor House, and otherwise to greatly embarrass the institution, I decline to encounter these new difficulties, and hereby resign into your hands the charge of the Poor House.

Please, gentlemen, select a competent person to take charge of the House as soon as may be convenient to all parties concerned.

Accept, gentlemen, my sincere thanks for your long continued confidence and kindness.

Yours, &c., JAMES J. KAYLOR.

This document was laid before the Directors at a meeting held July 29th.

Present, Messrs. Daly and Byrne.

The following running colloquy ensued:

Mr. Daly—I regret that this step has been taken. I hope that it will be reconsidered.

Mr. Kaylor—My action in this case is the result of mature deliberation. My resolution is final.

Mr. Byrne—In this view of the case, I move that this paper be placed upon the minutes and published in all the county papers.

Mr. Daly—I object. This is to advertise for a Steward. I will never consent thus to send the office begging.

Mr. Kaylor—From a very different view of the case, I will ask Mr. Daly to withdraw his objection, and allow these proceedings to be published.

After some further discussion, Mr. Byrne's motion prevailed.

The secret of Mr. Kaylor's resignation is thought to be something apart from the deprivation of the Poor House of "the services of a Director in Johnstown."

The management of the Poor House, with its necessary contracts for large quantities of supplies and its consequent chances for speculation, is a very lucrative position.

For many years, a "ring" with Mr. Kaylor at its head has enjoyed the exclusive benefit of any and all sugar-plums which might chance to fall from this public tree.

Of late, however, a party has sprung up which hold that Messrs. Kaylor & Co. have had a "good thing" of the Poor House management about long enough, and that they should be superseded by another "ring." It is the old, old scramble for "the spoils." The late Democratic Convention, whose "action" is complained of by Mr. Kaylor in his card, placed in nomination a candidate for Director (who will be elected) pledged to put the principle of rotation in office into operation so far as the present "ring" is concerned, while it is claimed that one holding-over Director is anti-Kaylor. This will give the new aspirants for sugar-plums and spoils the control of the "institution."

By resigning, Mr. Kaylor therefore only anticipated the action of the new Board. If he had not stepped out of his own volition, he would probably have been peremptorily requested to vamoose.

### BASE BALL.

On Saturday last, six members of the Star Base Ball Club of Ebensburg went to Lily's on an excursion.

While there, they played a game of ball with the second nine of the Highland Club of Lily—with the following result:

## LOCAL CORRESPONDENCE.

LETTER FROM JOHNSTOWN—THE WEEK'S BUDGET OF NEWS.

JOHNSTOWN, Aug. 12, 1867.

To the Editor of The Alleghenian:

The greatest excitement prevails in town on account of a foot race which will take place on Saturday afternoon, August 17th, for a purse of \$50; between David C. Davis and Redmond. Distance, one-half mile. The affair promises to be a very exciting one, and thousands of dollars have been ventured on the result of the race.

Both men have been under training since Wednesday, Aug. 7th. Of the result I will inform you in my next.

James Eirick, an employee on the repairs of the Penna. RR., met with a painful accident on the 9th instant, by being accidentally struck with a pick.

The Independent Jr. B. B. Club of this town left here on Saturday morning last, to play the Juniata Jr., of Hollidaysburg. The score of game stood 35 to 54, in favor of the Juniata.

The stone work of the new school house on Canal and Washington streets, is about completed. The bricklayers will soon commence work upon it.

The beautiful iron front of Mr. John Parke's new store on Main street, is now being erected by the Johnstown Mechanical Works. The building when completed will be a credit to the workmen and an ornament to the town.

The abutments of the Cambria Iron Co.'s Railroad bridge across the Conemaugh river above the Woolen Factory are completed.

The contemplated Union Hall building will soon be commenced.

DIO.

### TAKE NOTICE.

He is rich who saves a penny a year, and he is poor who runs behind a penny a year; and we might also state with the utmost propriety that he who purchases goods at J. M. Thompson's will save many pennies in a year, besides getting the best goods in town.

### MANIAS.

The base ball mania, which is prevailing so extensively over the country at the present time, is only rivaled by the mania for wearing good clothes, and the place to get all the latest styles of ready-made clothing is at V. S. Barker's, Ebensburg.

### THE AMERICAN WATCH.

is admitted to be the best time-piece now manufactured. They are put up in cases varying from two to six ounces, and have, in addition, Engle's patent dust-proof arrangement. They are kept for sale by C. T. Roberts. See advertisement.

### FIT UP.

As harvest is over and everybody is supposed to have worn out his boots and shoes, we would remind our friends and the public generally that A. A. Barker keeps the most extensive and best stock of boots and shoes to be found anywhere.

### ONE OF THE PROMINENT SIGNS.

of the times is that Mills & Davis are now disposing of their large stock of goods at very reasonable rates. Persons in need of any kind of dry goods should not fail to call, as they sell very cheap.

### HISTORY OF THE PENNA. RESERVE CORPS.

This interesting book has just been published, and subscriptions will be received by Mr. Silas H. Davis, the agent for this place. It contains a complete record of the organization of the different companies, regiments and brigades; descriptions of marches, skirmishes and battles, together with biographical sketches of officers, and personal record of each man during his term of service; and in fact, it contains a minute description of every movement of this famous organization from the time it entered the service until it was mustered out. The history is well printed, contains 724 pages, and should find a place in every family.

### GOING VERY FAST!

Ours is an age of wonderful inventions. The minds of ingenious men have brought forth machinery thereby facilitating and making labor easy, and among the rest, the blacksmith has not been forgotten; for I. C. Singer has invented a machine which makes the process of bending heavy or light tires, bands, &c., an easy and pleasant task. This machine is guaged and numbered so as to show exactly where to place the rollers, in order to bend the desired diameter. Hundreds of references can be given. To get the machine, address, R. H. Singer, Ebensburg, Pa. The rights to sell this machine in a few States remain to be disposed of. None need apply for Pennsylvania, as the inventor is doing well selling machines, and intends holding it for that purpose.

N. B.—The place to get your horse well shod, wagon tire made and general blacksmithing done is at R. H. Singer's Shop, near Isaac Evans' tannery.

### ERRORS OF YOUTH.

A gentleman who suffered for years from Nervous Debility, Premature Decay, and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience can do so by addressing, in perfect confidence, JOHN B. OGDEN, 42 Cedar st., N. Y.
